

YOUR EXPERIENCE MATTERS

Use your teaching experience to impact students who take the MCA

- As an educator, you play a vital role in creating high-quality statewide tests for *all* Minnesota students. We want to hear your perspective.
- Your experience working with students in your classroom is invaluable to the MCA review process.
- Review the Reading, Math, and Science Minnesota Comprehensive Assessments (MCAs) for test content and alignment.
- Experienced math, reading, science, English learner (EL), and special education educators teaching grades 2-high school are needed.

"I have enjoyed the time I spent on MDE committees. The experience has taught me more about the tests, and allowed me to discuss with colleagues. The process has made me a better teacher in many ways."

"Every committee I have participated in, I have left with a greater understanding of the MCAs. You get to meet, work, and learn with educators from around the state. I leave every day with a smile on my face."

-Minnesota Educators

Educator MCA Review Committees

- Meet for two-four days at the Minnesota Department of Education in the spring/summer
- Participants are paid an honorarium or reimbursed for a substitute
- Morning refreshments and lunch provided
- Travel expenses and lodging provided for those outside the Twin Cities

For information about upcoming opportunities to participate, visit the [Statewide Testing](https://education.mn.gov/MDE/dse/test/reg/) page (education.mn.gov/MDE/dse/test/reg/) or scan the QR code.
