

YOUR EXPERIENCE MATTERS!

Use your teaching experience to impact students who take the MCAs.

"I have enjoyed the time I spent on MDE committees. The experience has taught me more about the tests, and allowed me to discuss with colleagues. The process has made me a better teacher in many ways."

"Every committee I have participated in, I have left with a greater understanding of the MCAs. You get to meet, work, and learn with educators from around the state. I leave every day with a smile on my face."
